

HOW TO SIGN UP AND USE MOBILE WALLET

1. On an iPhone

- a. To get the app: Check to see if you already have the “Wallet” or “Apple Pay” app on your phone. If not, download it from the Apple Store.
- b. To add a card to the app: Open the Wallet or Apple Pay app and tap the + button on the upper right. Press “Continue” and choose your card type. Follow the prompts to either photograph a card to enter it, or enter the information manually.
- c. To make your Dedham Savings Debit Card your default payment method: If you only have your Dedham Savings Debit Card in your Mobile Wallet, it will be your default card. If you have more than one card, when you add the Dedham Savings card, you’ll be asked if you would like to set it as your default payment method. You can update this anytime by going to Settings on your phone. Select “Wallet & Apple Pay,” then tap “Default Card” and choose the card you want to set as the default payment method.

2. On an Android

- a. To get the app: check to see if you already have the “Google Pay” or “Samsung Pay” app on your phone. If not, download it from your app store.
- b. To add a card to the app: access Google Pay or Samsung Pay and click “+ Payment Method.” Follow the prompts to either photograph a card to enter it, or enter the information manually.
- c. To make your Dedham Savings Debit Card your default payment method: If you only have your Dedham Savings Debit Card in your Mobile Wallet, it will be your default card. If you have more than one card, login to the Wallet app and tap on your Dedham Savings Debit Card. Turn on “Default for in-store payments”.

3. To Pay With Mobile Wallet

To pay with Mobile Wallet: at the checkout, just unlock your phone and hold it to the payment terminal until you see a check mark. You don’t even need to open the Mobile Wallet app!

What Can You Use Mobile Wallet For?

- Pay at the checkout without pulling out your Debit or Credit Card
- Complete in-app purchases for things like coffee or rideshare apps
